7. DIVISION CATEGORIES

The NSWTA and QTF agreed that the purpose of State of Origin is as follows:

- To determine the champion Touch Football state in Australia
- To provide the pinnacle of the domestic representative pathway in not just NSW and Queensland but across Australia
- To provide a visible and transparent pathway to national team selection
- To provide the members with a visible and transparent pathway from domestic affiliate representative teams through to State representation
- To provide the highest level of Touch Football competition within the national framework

Both agree that the SOO should be the end of the journey for representation at State level and not used as a launching proposition for divisional categories. As it was agreed that the criteria for eligible divisions would have two sectors. Automatic acceptance and secondary criteria for consideration of a division's inclusion at SOO.

Automatic Acceptance.

In line with the pathway way goals of the SOO purpose both states agreed that the established World Cup Divisions from the preceding FIT World Cup to a SOO series, are to be an automatic selection of SOO divisions.

Criteria to be considered as a SOO Division

- Is a historical SOO division* (unless replaced by like division i.e. W27 for W30) or
- Minimum membership of 1000 participants in each state for an age category at the grassroots level /or
- Be a full State Championship division (or equivalent) in each state or
- The number of participants across all divisions of a State Championship division (or equivalent) is equal to or better than 50 eligible participants or
- Be an NTL Division with a minimum of three teams from each state

** This would include Men's and Women's 20, Women's 40 and Men's 55*

This gives a clear and transparent purpose and pathway for SOO that can guide both Boards in any decision-making capacity and a pathway goal to membership that seek a divisional inclusion.

Agreement on these criteria means that moving forward for the 2020 series the following 15 divisions would be played.

Men's Open	No	age	requirement
Women's Open	No	age	requirement
Mixed Open	No	age	requirement
Men's 20	Born	2000	or after
Women's 20	Born	2000	or after
Women's 27	Born	1993	or before
Men's 30	Born	1990	or before
Mixed Seniors	Born	1990	or before
Men's 35	Born	1985	or before
Women's 35	Born	1985	or before
Men's 40	Born	1980	or before
Women's 40	Born	1980	or before
Men's 45	Born	1975	or before
Men's 50	Born	1970	or before
Men's 55	Born	1965	or before

The minimum age for a player at this tournament is 16 at the time of competition.

The States have looked at inclusion of W45 and M60 as full divisions in 2022 should they meet the criteria. This gives a time frame to develop in both age categories to be able to field teams and provide the opportunity for those divisions to grow at both organisation's state championships. It would also allow those who wish these divisions to be included a clear and defined pathway to SOO. Both agreed that as an impetus toward

aiding the growth of divisions at State level (and possible NTL) consideration for both to be an Invitational Division at the 2020 State of Origin.

For NSWTA / QTF to be eligible to enter teams in the Tournament they must be financial with TFA and registered in all competitions they conduct.

B) COACHES AND MANAGERS

Coaches and Managers are not eligible to participate and represent the NSWTA / QTF unless they comply with the following: -

i) They must participate and be registered with an affiliated competition of the state they represent, NSWTA or QTF, in the 2021 Season 1, 2020 Season 1 or Season 2 or 2019 Season 1 or Season 2. This is due to the COVID interruption both states have experienced.

6. Any player who is eligible for each state must declare which state they wish to be considered for prior to NTL. Should that player not be selected they will not be eligible to then participate for the opposing state.

NB. Both states recognise with the current development of Touch Football internationally that the level of player development from those deemed to be developing nations is not equivalent to that in Australia and New Zealand.

Therefore, as agreed to in 2016 and reiterated in 2018 any international representative player from a country deemed to be a Developing Nation (not Australia or New Zealand) by the two states under these conditions, may be selected as long as the following conditions are met:

- They satisfy clause 18(c).1 of these Conditions
- They satisfy clause 18(c).2 of these Conditions
- They satisfy clause 18(c).3 of these Conditions
- They satisfy clause 18(c).4 of these Conditions
- They have be a resident of Australia for a period greater than 12months.

It is noted that consideration was given to the use of the FIT Tier nation system, however given that any national that participates in a World Cup is classified Tier 1, it would not satisfy the intent of this consideration.

COVID-19 INTERRUPTION

Because of COVID-19 and differing Public Health Orders in each state, the need for flexibility for each state exists. As such, where due to COVID-19 restrictions either state has provided exemptions for domestic competition qualification, these will be recognised under this clause.

If in the referees view a player/s or official/s leaving the sub box engages in **illegal play** that **would** under normal circumstance of general game play warrant being sent off, they should do so. This will incur a minimum four (4) match suspension on top of any further suspension handed down by the judiciary.

If in the referees view a player/s or official/s leaving the sub box to become involved in melee, brawl or fight and engages in **activities** that **would not** under normal circumstance of general game play warrant being sent off, they should:

N.B. A period of time applied to a player for a team offence will not be registered against an individual.

A suspension is to be served on the following game/s in which the team actually plays.

Appeals will be considered on a case by case basis and only with relevant supporting documentation and must be submitted within 30 minutes of the conclusion of the event/game in question to the Tournament Manager.

Any player sent to the sin bin will remain in the sin bin area for a compulsory four completed sets of possession. This will no longer be at the discretion of the referee.

Any infringement that will cause the touch count to restart will simply be a continuation of that set. That is, should a defender knock the ball down or give away a penalty on the third touch this does not constitute that this set has been completed, but rather is extended. Conversely if an attacking player causes the infringement so that a turnover takes place on the third touch this will constitute a completed set.

N.B: The replacement rule that applies in mixed division when a male player is sent for a "Period of Time", that team will remain one (1) Male player down until his return. That is Coaches can-not substitute a Female player with a Male player while that Male player remains in the bin for his Period of Time.

The offending team will receive a maximum of five (5) minutes from the commencement of the game (siren/whistle) to position the team on the field and be ready to commence play.
